

Shengrui Yao

Education:

- Ph.D. in Horticulture/Pomology. 2005. Cornell University. Ithaca, NY.
- M.S. in Horticulture/Pomology. 1988. Beijing (China) Agricultural University. Beijing, China.
- B.S. in Horticulture/Pomology. 1985. Beijing (China) Agricultural University. Beijing, China.

Employment History:

- Professor of Horticulture/Extension Fruit Specialist: 7/2021- Dept. Plant and Environment Science, Sustainable Agriculture Science Center at Alcalde, NMSU.
- Associate Professor of Horticulture/Extension Fruit Specialist: 7/2016- 6/2021. Dept. Plant and Environment Science, Sustainable Agriculture Science Center at Alcalde.
- Assistant Professor of Horticulture/Extension Fruit Specialist: 1/2010- 6/2016. Dept. Plant and Environment Science, Sustainable Agriculture Science Center at Alcalde, NMSU.
- Research Fellow of Horticulture: 8/2006- 1/2010: Department of Horticulture, North Central Research and Outreach Center, University of Minnesota.
- Research Supporting Specialist: 8/2005-6/2006. Department of Agronomy and Soil Science, Cornell University.
- Graduate Research Assistant: 6/2001-7/2005. Department of Horticulture, Cornell University.
- Research Scientist: 7/1988- 5/2001. Shandong Institute of Pomology. Tai'an, Shandong, China.

Professional Associations:

Member of the American Society for Horticultural Science

Member of the International Society for Horticultural Science

Member of the American Pomological Society

Member of the NM Extension Specialist Association

Honors and Awards:

- 2022 Commercial Horticulture (CHEX) Distinguished Achievement Award, American Society Horticultural Science-Commercial Horticulture.
- 2022 Outstanding Education Materials Award-Outstanding Leaflet Award, for my extension publication: Fruit tree freeze and frost damage and its management. American Society Horticultural Science Extension Division.
- Group award: the 2015 national winner of the Experiment Station Section Excellence in Multistate Research Award for NC140- Improving Economic and Environmental Sustainability in Tree-Fruit Production through Changes in Rootstock Use.
- Graduate student travel award from American Society for Horticultural Science (2004) and Graduate School travel grant of Cornell University (2003 and 2004).
- Arthur Boller Research Grant, Cornell University (2003 and 2004).

- Young Scientist Award in Science and Technology from Tai-an City, Shandong Province, China, 2002.
- Excellent project award, Shandong Science and Technology Committee, Shandong Province, China, 1999.
- Scholarship from China Scholarship Council (1998, study for one year in Canada).
- Outstanding research paper award, Chinese Society for Horticultural Science, 1991.
